BEHAVIORAL HEALTH

Inpatient Female ADOLESCENT PROGRAM

Johnstown Heights Behavioral Health offers rapid stabilization and psychiatric care for female adolescents (13-17) in a safe, secure, and nurturing environment. Our program provides therapeutic and diagnostic treatment planning by our multidisciplinary clinical team, led by a psychiatrist, to meet the specific needs of each adolescent.

Treatment includes:

- Medication evaluation
- Medication management
- Trauma-informed care
- Group therapy
- Family support & education
- Stress management
- Recreation/Art therapy

24/7 Intake Line: (970) 323-7709
4770 Larimer Parkway, Johnstown, CO 80534
